

## Bennex ISO certificate

2007-02-19 08:00:00 by Rons\_ROV\_Links

Bennex Kongsberg is ISO 9001:2000 certificated by Nemko, from the 12th of February 2007. The certificate is a result of an improvement and adjustment process of the company's quality management system (QMS) in 2005/2006. The new Bennex QMS certificate applies for the Bergen and Kongsberg location. Bennex Bergen has been ISO 9001:2000 approved since 1995, and Bennex Aberdeen since 2001.

Bennex wants to continuously improve products and services, in order to better accomodate customer requirements. Process improvement and customer satisfaction are high priority areas for 2007.
