

## Abu Dhabi purchases 3 Observer ROV's

2011-08-18 11:00:00 by Rons\_ROV\_Links

The Critical National Infrastructure Authority (CNIA) in Abu Dhabi has recently confirmed the purchase of 3Observer ROV's from Subsea Tech.

These units including specific features and sensors such as navigation sonar, manual winch, sun readable display, LCD glasses and tablet PC will be operated for ports security.

The Critical National Infrastructure Authority (CNIA) is the government authority tasked with handling the protection and security of Abu Dhabi's vital assets and infrastructure.
